DUTCH FLAT ENQUIRER.

ENGLAND'S WELCOME TO LONGFELLOW.
[The last number of *Pan*, London, publishes the following stanzas of welcome to Henry W. Longfellow:]

Here's a welcome to you, Professor,
Arrived on the English strand,
For your song across the Atlantic
In the tongue of the motherland.
Your lyrics are loved of the household,
That knows no Academy's law—
One hand warm pressure is better
Than a whole world's distant awe.
It's cold in the clear blue ether,
That the king of the eagles achieves—
But the swallows have endless summer,
And build close under our eaves.
And the voices that bid you welcome
Are many, and tender, and true—
They'd not shout for the best of the poets
As loud as they're hailing you!
Come to the homes of the people,
Where your household words are dear;
There's seldom a poet has sung them
Such lyrics of courage and cheer.
The poet who taught "Resignation,"
Who sang the "Psalm of Life"—
You are dear to them all, Professor,
Child, parent, husband, and wife!
Aye, let Universities seal you
In Temples of Honor and Arts—
The people of England, Sir, greet you,
And open the doors of their hearts.

MEDICAL.

THE SCIENCE OF HEALTH!

Every Man His Own Physician.

HOLLOWAY'S PILLS,

AND

HOLLOWAY'S OINTMENT!

Disorders of the Stomach, Liver and Bowels.

The Stomach is the great centre which influences the health or disease of the system. Abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Ailments to the brain, it is the source of headaches, mental depression, nervous complaints and unrefreshing sleep. The Liver becomes affected and generates bilious disorders, pains in the side, &c. The Bowels sympathize by Costiveness, Diarrhea and Dysentery. The principal action of these Pills is on the Stomach, and the Liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum.
Are two of the most common and virulent disorders prevalent on this continent, to these the Ointment is especially antagonistic, its "mild operation" is first to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, and Ulcers.
Cases of many years' standing, that have per-
manently refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions on the Skin.
Arising from a bad state of the blood of chronic diseases, are eradicated, and a clear and transparent skin is restored by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.
Whether in the young or old, married or single, at the dawn of womanhood, or the turn of life, these tonic medicines display so marked an influence that a marked improvement is soon perceptible in the health of the patient. Being purely vegetable preparation, they are a safe and reliable remedy for all classes of Females a every condition of health and station of life.

Piles and Fistula.
Every form and nature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emollient; warm fumigations should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:
Blisters, Piles, Sore Legs,
Burns, Rheumatism, Sore Breasts,
Chilblains, Ringworm, Sore Heads,
Fistula, Salt Rheum, Sore Throats,
Gout, Scalds, Sores,
Stiff Joints, Tetters, Ulcers,
Lumbago, Skin Diseases Venereal Sores,
Scars of all kinds, Mercurial Eruptions,
Swelled Glands, Wounds of all kinds.

EAGLE PIANO-FORTE CO.

350 BROADWAY, NEW YORK.

The above company is composed of a number of practical and experienced Piano-Forte builders, sustained by abundant Capital, and whose especial object is to manufacture Piano-Fortes embracing

Every modern Improvement of
REAL MERIT.

While other manufacturers embody their own special improvements in their instruments, they are deterred from using, the perhaps equally valuable improvements of others in regard to external porticos of the instrument, by the often exorbitant royalties or fees demanded by the Patentes for the privilege, so that although we have frequently announced of Pianos embracing every modern improvement, there are really none at present that do so. It is the determination of the EAGLE PIANO-FORTE CO., to disregard all considerations of expense in procuring the rights to use any and every improvement which has met the approval, and may be recommended to them by the leading Pianists of the day, such as the Abbe Litz, Thalberg, Gottschalk and others.

This company has boldly embarked with the above purpose, confident that the American people are prepared to approve, appreciate, and sustain their effort to produce,

The most complete and best Piano-Forte in the world.

While the expense of manufacturing will necessarily be increased by the purchase of these rights and privileges, it will not be permitted to increase the retail price of any of their instruments. The same style and finish of instruments will be sold as cheaply as those of any other good manufacturer.

The Company being new is disposed to expand its exertions more for establishing its reputation and the reputation of its work than for present profits, confident that this course will be more profitable in the end.

Every department of the manufacturing being under the hands of a practical workman, who is at the same time a member of the Company and interested in its success and reputation, insures an exactness with regard to the character of the work that cannot otherwise be obtained.

The best recommendation for these Pianos lies in the fact that they are rapidly finding their way into the parlors of all the leading professional and amateur Pianists of the day in preference to all others.

Confident that their instruments will be their own best recommendation, the Eagle Piano-Forte Co., are anxious to effect the early introduction of one or more of their Pianos into every community, and to this end they offer

Extraordinary inducements to

MUSIC TEACHERS AND OTHERS

Who may be able to aid them in their effort.

School Committees and others desiring instruments for Public Institutions will be offered special inducements.

Ladies and others having charge of Charitable Fairs, Festivals, &c., will be offered special inducements together with suggestions by which the proceeds of their benevolent efforts may be greatly increased; all such are especially invited to correspond with us.

Every instrument manufactured by the Eagle Piano-Forte Co., is made out of the very best and most suitable material selected from all parts of the world, most thoroughly seasoned and prepared, and warranted in every respect for five years, as to material and workmanship, and to stand in any climate.

Orders promptly and carefully filled from the large assortment always on hand.

MR. H. T. HELMBOLD:

DEAR SIR:—In regard to the question asked me as to my opinion of "BUCHU," I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form of preparation of it I have not used or known to be used. In the various diseases where such indicate agent would be indicated.

You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired in my judgment, is warranted by the facts.

I have seen and used, as stated before, every form of BUCHU—the powdered leaves, the simple decoction, tincture, fluid extracts; and I am not cognizant of any preparation of that plant at all equal to the one I have used. I have seen and used, as stated before, every form of BUCHU—the powdered leaves, the simple decoction, tincture, fluid extracts; and I am not cognizant of any preparation of that plant at all equal to the one I have used.

I value your Buchu for its effects on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other proprietary compound of whatever name, or any other Buchu.

Respectfully yours, &c.,

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricordi is to Paris, this Institute has become to the Pacific Coast. The thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES AND IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world pining and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrophulous Consumption, Cripples, the idiot, the Paralytic, the Insane, &c.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the sure and certain destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal mortal enemy of man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a violence that will be the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES OF THE URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY AND PERMANENT

Cures are Always Guaranteed.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how important it is to the patient, and how the patient's health is called upon to interfere, and how the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to practice both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will be sympathetic with and befriend them in their trouble—one in whose secrecy the utmost confidence can be placed.
